

We're Turning 20!

Quorum is fast approaching its 20th year in business, and to celebrate this hugely exciting milestone we want to share a very special offer with you...

As an organisation, we're proud to deliver unrivalled Integrated Logistic Support (ILS) services including reliability and maintainability, risk and project management, system safety assurance, and technical documentation, to a diverse range of sectors worldwide. And, we'd love the opportunity to showcase just what our highly-experienced, passionate, and forward-thinking team of industry specialists can do for you.

Which is why we're offering every single business that commissions our services across our 20th year (September 2019 - September 2020)* a whole host of fabulous additional support – **completely free!** And, because we're so committed to delivering a completely personal service that is distinct to you and your business, we've tailored our offer to ensure there is something for everyone. Here goes...

- ✓ **For anyone who commissions us for 20 weeks' work, we'll give you either 20 hours of FREE consultation or access to one of our dedicated two-day training courses for up to 20 people****
- ✓ **For anyone who commissions us for 2,000 hours' work, you'll receive 20 days of FREE consultation support**

* Projects must be undertaken and completed by September 2020.

** You can choose one of three training courses focused on either the Fundamentals of ILS, Reliability, or Safety. All courses will be held at your own UK site. For overseas clients, we'll happily sort a location if you're able to sort your travel.

and read on.....

For those of you who may have a need for our services in the future, but just aren't quite ready yet – we don't want to leave you out. So, for the first 20 businesses who get in touch with us (you have to be quick!), **we'll give you access to a one-day workshop** which will see a member of the Quorum team work with you to identify your bespoke project requirements – and you'll walk away with a comprehensive understanding of just how we may be able to help you when the time's right.

If you'd like to find out more about how we can support you over the next 12 months (and **share our birthday gift** with you), do get in touch – we'd love to chat further.

Thanks so much, and we very much look forward to hearing from you.

PS. If we're already scheduled to support you across our special 20th year and you're worried that you've missed out on this offer, please don't worry – just give us a call and we'll discuss next steps...
